Skills

I have an average typing speed of 55 WPM, with 95% accuracy. Other skills I have developed during my time with the BTT101 course are writing professional letters, working on Excel, and making presentations that represent AIDA. I have acquired much knowledge from these business and technology courses. I have good knowledge of software development, web design, and database management, complemented by strong communication, teamwork, and problem-solving abilities, to effectively contribute to dynamic and collaborative work environments.
